13. [REDACTED] LIAISON Dick Lieberman, Senate Appropriations Subcommittee on Agriculture and Related Agencies staff, called following up on his earlier call on Soviet grain estimates for 1975 and 1976. Lieberman wants either declassified figures which can be printed in his Subcommittee's hearings or a written explanation of why such figures cannot be made public which will be printed. I told him I had not previously understood he wanted a written explanation. I said we would take another look. I warned him that we might want a written request and he said Chairman Thomas F. Eagleton (D., Mo.) would do that if we wanted it. I subsequently passed this to [REDACTED] NFAC/CSS, who is reviewing the matter.
